Read the following paper:

Letter from A.F.G. Moscardi Esq., I.C.S., Collector of Bellary.

Refce. C.No. 2653-A-7 of 21

Dated 22nd July 1921.

Sell. Commissioner's inspection report.
file subd to C2 on 26/7.

Reference- B.P. No. 1433 Misc., dated 13th July 1921.

During the recent inspection of the famine relief camps in this district in this month, the famine Commissioner noticed a large increase in the number of coolies at Hariivanam, and suggested the opening of an additional charge immediately. The number rose to 6498 even on the 11th instant, but fortunately by that time - there was sufficient rain in that locality as well as near the other camps. As a result of this the strength gradually began to show a marked decrease and it was 5612 on the 17th instant. The monsoon continues to be favourable and the Divisional Officer expects a further decrease by the end of the month.

arrangements for the posting of the required staff for the proposed charge, but in view of the recent heavy rainfall he suggested the postponement of the formation of the new charge to a later date. Considering the change in the season I am constrained to agree with him and have issued orders accordingly. The necessary establishment tools etc., for the additional charge will however, be kept ready. I request that my action may be approved.

Resolution.-

The Collector's action is approved.
